Five Guys Holdings, Inc. makes every attempt to identify ingredients which may cause allergic reactions for those with food allergies. Every effort is made to instruct our food production staff on the severity of food allergies. However, there is always a risk of contamination. There is a possibility that manufacturers of foods we use could change the formulation at any time, without notice. There is also a risk of cross contamination due to the nature of our ingredients. Customers concerned with food allergies need to be aware of this risk. Five Guys International will not assume any liability for adverse reactions to foods consumed, or items one may come into contact with while eating at any Five Guys restaurant.
